

BILL SCHEFT

*Time Won't  
Let Me*

*Time Won't  
Let Me*

BILL SCHEFT

A NOVEL

"A riotous novel about the fall and dubious resurrection of a fabled garage band. More fun than a night on the town with Keith Richards, without the ambulance ride." —Carl Hiaasen

Harper  
Collins

ADVANCE PRAISE FOR *TIME WON'T LET ME*

"Bill Scheft is back at it in *Time Won't Let Me*, with the same wit and humanity we count on in his fiction. If only my high school garage band (The Electras) album fetched as much on eBay these days, I wouldn't need to have fund-raisers."  
—Senator John Kerry

"With as many twists and turns as a Zombies piano solo, Bill Scheft's novel is not just for guys who have been in bands. *Time Won't Let Me* is for anybody with as warped a sense of humor as mine."  
—Paul Shaffer, music director, CBS Orchestra

"*Time Won't Let Me* is the funniest, saddest, most wonderful book I've read in a long time. Bill Scheft is a genius, a comic god. When I grow up I want to be Bill Scheft, except richer, much, much richer."  
—Molly Jong-Fast, author of *Normal Girl* and *Girl [Maladjusted]*

PRAISE FOR *THE RINGER*

"Adroitly fusing what he learned from Philip Roth with what he learned from Don Rickles with what he wrote for David Letterman, Scheft has succeeded where more celebrated cut-ups have failed. He has written a book that is actually funny."  
—*New York Times Book Review*

"Bill Scheft has written a delightful first novel. . . . *The Ringer* is a funny, bighearted book." —Tom Perrotta, author of *Little Children*
